The Contractor shall at his/her own expense, defend any and all such actions and shall pay all attorney's fees, costs, and expenses pertaining thereto.

6. **Insurance and Bonds**

## SPECIFICATIONS

### **Snow Removal Equipment and Operators**

From time to time the City of Mt. Pleasant needs to hire outside help during its snow removal operations, including the hauling of snow from the downtown streets and parking lots. The City will determine the number of trucks necessary to satisfy its needs on a case basis, with up to three trucks required to fulfill its needs. The haul destination site will be the Public Works yard at 1303 N. Franklin Street.

To fairly evaluate our options, we are asking you to include the model(s), type(s), and size(s) of equipment being quoted. Also, please include the availability of such equipment during major snowstorms. The City expects equipment orders to be fulfilled within two (2) hours. A certificate of insurance meeting the City's minimum insurance requirements for contractors working within the street rights-of-way will also be required prior to starting work for the City; a copy of those requirements is enclosed. Consideration will be given to availability of equipment and operators. On occasion the City may need equipment for other construction activities, and desires to maintain a list of equipment available in the area. Please include quotes for various pieces of equipment and operators identified in the proposal.

This agreement has a maximum payment amount of \$22,000.00 over the snowplowing season, November 1, 2012 – October 31, 2013. The contractor must not exceed this amount without City authorization.
