

PLAN REVIEW FEES

The Mt. Pleasant Fire Department requires all contractors to submit plans for review of all sprinkler systems, fire detection and alarm systems, and gas suppression or dry chemical systems.

The Fire Department reserves the right to send out submitted plans for plan review. Currently if your plan is sent out, it will be reviewed by Fire Safety Consultants, Inc(FSCI). The following is a current list of their costs for service. You will be billed directly by them as necessary. For further information, their web site is www.firesafetyfsci.com.

Plan Review Schedules

All plan reviews are completed for one set fee per project discipline.

Rush Plan Reviews

- > Fire protection plans reviewed in three business days.
- > Building plans reviewed in ten business days.
- > Add %100 to the base fee.
- > The review letter will be faxed or e-mailed back.
- > Plans are returned next day UPS for an additional \$25.00 shipping charge.
- > FSCI retains the right to extend the review time on large projects for quality assurance.

All fire protection review fees with inspections include:

- > One preliminary inspection of the partially installed system.
- > One final inspection of the completely installed system.
- > Examples of inspections include: Sprinkler or underground hydrostatic test, witness system tests such as sprinkler 2" main drain test, detection system test of each device, suppression gas system discharge or blower door fan test, and wet chemical system discharge test.

Additional inspection fees are hourly including travel time:

- > If invoicing the Municipality: \$100.00 per hour
- > If billing the Contractor or Non-Municipality: \$125.00 per hour.
- > Minimum fee: \$150.00
