The City of Mt. Pleasant Parks Department would like to remind tubers and other river users that while having fun in the river, please keep in mind the following:

- No styrofoam coolers or glass containers are to be used on the river.
- Always be aware that the potential for danger changes greatly with fluctuations in water levels. Please wear appropriate safety equipment for conditions.
- Always maintain proper awareness of your surroundings and stay in control.
- Do not use the river when there is debris in the water or if other hazardous conditions exist. Check the weather forecast before you start your trip.
- Be accountable for all items taken on the trip, including food and beverage containers, shoes, clothing, suntan bottles, etc. Use a bio-degradable mesh bag to contain trash, cans, and plastic containers while on the River.
- Tubers must comply with all City Park Rules and Regulations, and must not interfere with the use and enjoyment of any park by other persons.
- Please take care to minimize any damage to riverbanks and vegetation, giving the utmost respect to private property.
- When using City Park facilities, please use designated parking areas.
