- 3-hour parking
- Permit parking
- 1-hour parking

OVERNIGHT PARKING ON EVEN DAYS
★★★★★★★★★★★★★★★★★★★★★

OVERNIGHT PARKING ON ODD DAYS
◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆

Lots 1, 2, 4, 5 & 6 have designated areas for parking on odd and even days. Between 4:00 a.m. and 6:00 a.m., overnight permit holders must park in areas designated "even" on even days of the month (2nd, 4th, etc.). On odd days (1st, 3rd, etc.), vehicles must be parked in areas designated "odd". The even or odd day is determined between the hours of 4:00 a.m. and 6:00 a.m. Therefore, permit holders must park on the "odd" side if the date is "odd" during the early morning hours (4:00-6:00 a.m.) of the following day, and on the "even" side if the date is "even" during the early morning hours (4:00-6:00 a.m.) of the following day. Lot #3 works on the same odd/even principle; however hours of enforcement for Lot #3 are 2:00 - 5:00 a.m.
