FOR IMMEDIATE RELEASE

June 13, 2017

Ad-Hoc Committee develops draft recommendation for medical marihuana facility regulations; Town Hall meeting set for June 19

MT. PLEASANT, Mich. – The City’s Ad-Hoc Committee on the Michigan Medical Marihuana Facilities Licensing Act (MMMFLA) has developed a draft recommendation on the suggested parameters and elements to include in a draft ordinance(s) regulating the five facility types created under the MMMFLA: Provisioning Centers, Processors, Safety Compliance Facilities, Secure Transporters, and Growers. A Town Hall meeting will be held at City Hall on Monday, June 19 for the community to offer feedback on the draft recommendation. The meeting will begin at 7 p.m.

The recommendation can be found at www.mt-pleasant.org/MMMFLA. Written comments may also be submitted to the Ad-Hoc Committee by mail to Ad-Hoc Committee on MMMFLA, 320 W. Broadway Street, Mt. Pleasant, MI 48858; or by email to manager@mt-pleasant.org.

The ad-hoc committee was formed in April to further research the MMMFLA and make a recommendation to the City Commission for opting in to the act. A draft ordinance(s) is expected to be introduced in September.

Questions about the committee’s work may be directed to Jacob Kain, City Planner, at (989) 779-5346, or jkain@mt-pleasant.org.
