City of Mt. Pleasant fall leaf collection

WHAT: City of Mt. Pleasant fall leaf collection information and schedule

WHEN: October 19 through week of November 23

DETAILS: Residents who live within the City limits may begin raking leaves over the curb on Monday, October 19. Leaves should be raked into the street along the curb or to the shoulder in uncurbed areas. Residents are asked to rake the leaves into small piles over the curb, and not cover the storm sewer catch basins.

Fall leaf collection schedule:

- Week of October 19 – Residents are to rake leaves into low piles, taking care not to cover catch basins.
- Week of October 26 – Staff will collect leaves in a citywide sweep.
- Week of November 2 – Residents are to rake leaves into low piles, taking care not to cover catch basins.
- Week of November 9 – Staff will collect leaves in a citywide sweep.
- Week of November 16 – Residents are to rake leaves into low piles, taking care not to cover catch basins.
- Week of November 23 – FINAL collection of leaves in a citywide sweep.

To avoid traffic and sight obstructions, put leaves in small piles in the gutter close to the curb. On major streets where heavy traffic prohibits leaves in the gutter, such as High, Broadway, Pickard, and Main, residents should rake the leaves into low piles in the rights-of-way, between the curb and sidewalk.

Yard waste bags should not be used. Bagged leaves, branches, grass clippings, and garden cuttings will not be picked up.

For more information, contact the Division of Public Works at 989-779-5401.
