Run water notice lifted

For Immediate Release

MT. PLEASANT, Mich. March 24, 2015 – The City’s Water Department has lifted the run water notice citing there is no longer a risk of freezing pipes due to warmer temperatures and decreasing frost levels.

City staff had previously issued the run water notice to homes and business owners within the parameters and on both sides of Oak to Franklin streets and Mosher to Michigan streets as well as to many downtown homes and businesses.

Anyone with questions can contact the Water Plant at 989-779-5430.
