FOR IMMEDIATE RELEASE

Lansing Street water main replacement to begin May 16

MT. PLEASANT, Mich. – The project to replace the water main on Lansing Street between Broadway and Bennett streets will begin on Monday, May 16. Portions of sidewalk and curb will also be replaced. The entire site will not be under construction at once, allowing residents to access their homes on a daily basis. Residents will be notified of planned water main shutdowns via door hangers on the front entrances of their homes.

Project completion is anticipated for the end of June, depending on weather.

For more information, please contact the City of Mt. Pleasant Division of Public Works at 989-779-5401.
